THE IMPORTANCE OF INCLUSION

BY WAKO I.F. PRESIDENT - MR ROY BAKER

I grew up in Dublin's Ballyfermot in the 60s and 70s, where 99.9% of the people were Irish and there was no real diversity or awareness of international culture. Martial Arts and sport introduced me to a wider variety of cultures and languages - far beyond my childhood experiences in Ballyfermot. Working with colleagues and friends from around the world has eroded my subconscious prejudices created from the culture and media of 50 years ago. My experience in sport has brought changes to the way I see the world and the way I approach life and the people I interact with. It's given me an appreciation of other cultures and societies which has added an enormous richness to my life and those close to my family and me.

My experience showed me that in diversity there is beauty and there is strength. We need to help and encourage people to cherish and celebrate the ethnic and cultural diversity that nourishes and strengthens our communities. We should all experience and learn about diversity at an early age, to broaden experiences and understanding of other cultures, this will give a natural appetite for diversity and inclusion and the benefits it brings.

I believe we can all try to be more understanding of each other and have mutual acceptance of differences. We need to give each other the space to grow, to be ourselves, to exercise our diversity. We need to give each other space so that we may all give and receive such things as ideas, openness, dignity, joy, healing, and inclusion. In doing this our lives will be richer, more colourful and we in turn will have a more diverse life.

The importance of being inclusive reminds me of a great quote from Franklin D. Roosevelt - "If civilization is to survive, we must cultivate the science of human relationships – the ability of all people, of all kinds, to live together, in the same world at peace." I believe diversity should be celebrated, it is the one true thing we all have in common. No one's lived experience is the same, but that difference is something we all share.

TO ALL WAKO MEMBERS

FORMAL NOTICE

BY E-MAIL

Monza, September 22nd, 2020

Re: Important statement of WAKO decision – about non-GAISEF recognized sports

By the present to inform all our national federations members of WAKO of a recent WAKO Board's decision and as point of clarification.

In order to protect our sport and its ongoing development within the Olympic family, and as a step to strengthen yours and our development of the sport of Kickboxing, we have taken some practical decisions. These decisions are to protect WAKO, protect our reputation, protect our brand but more importantly to protect national development and your national federation. Except for governing bodies recognized by GAISEF and IOC, the international market in martial arts is very fragmented with many different martial art sports and most of these hybrids are in conflict with already existing recognized federations. This may be Karate, Kung Fu and others. WAKO does respect and cherish the cooperation with the international federations members of GAISEF and IOC (like IFMA, WT, WKF, FIAS etc), but we cannot relate to, more or less, 50-60 other sports out in the market, where MMA is one of these sports. We have already observed confusing and disruptive information where WAKO, as recognized international federation, is deliberately used in order to market importance of several other non-recognized federations.

Here below you can find the Board's unanimous decisions now inserted and implemented in our By-laws under Section 1.05ter that your national federation shall follow:

Special obligations regarding WAKO Members:

- A NF which is a Member of WAKO shall not be affiliated with and/or member of any other organization or association which is not recognized by WAKO.
- Membership shall not be granted to any NF which purports to represent both Kickboxing and any other sport not recognized by GAISEF.
- Any NF that is a Member of WAKO shall not promote any amateur event that is not recognized by WAKO and/or any joint events (by also availing of the WAKO logo) with any other sport not recognized by GAISEF.

WORLD ASSOCIATION OF KICKBOXING ORGANIZATIONS

- In case of breach of the provisions of this Section, the Board of Directors shall take the appropriate measures in accordance with the provisions under article 15 (Suspension) and 16 (Expulsion) of the WAKO Statutes.

Practical about GAMMA

The WAKO Board is compelled to clarify a point. It has come to our attention that this newly established MMA federation (together with One Championship) has announced and published an article containing the following message of their international status “..... *filed application for observer status with GAISF, taking first step towards IOC approval*”. Later in that same article it is announced that “*the application is a major leap in the GAMMA’s quest for approval from the GAISF and ultimately from the International Olympic Committee (IOC) to recognize Mixed Martial Arts as an Olympic sport*”.

As a member of GAISF and as provisionally recognized by the IOC, we can confirm that no formal complete application for observer status has been delivered to the IOC, nor discussed inside GAISF. The attempt of an application is simply incomplete and therefore not processed. Therefore, the statements are untrue and a major misguiding to the market and simply gives an anticipation in their recruitment process to get more members. Sorry to say, many of those newly recruited federations are WAKO’s national federations and GAMMA’s processes are simply trying to create a “fast track” for GAMMA to get recognized nationally and in the opinion of the board, distracting our members from the sport we develop and govern worldwide, this will, in the opinion of the WAKO Board, materially affect our growth and development and focus.

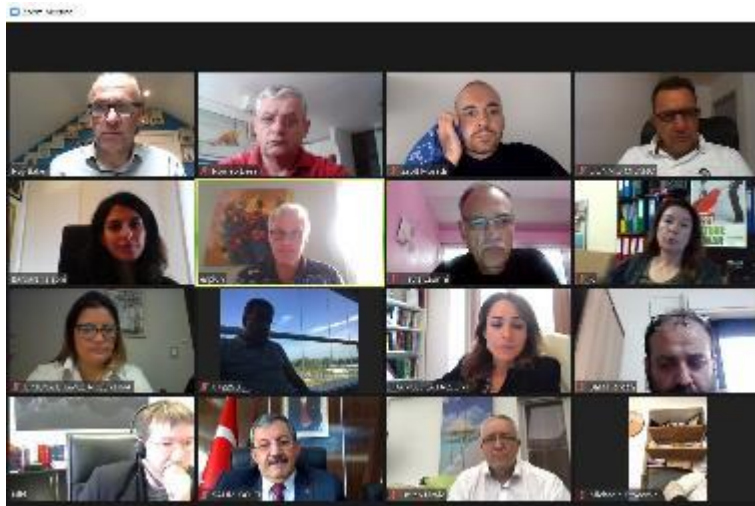

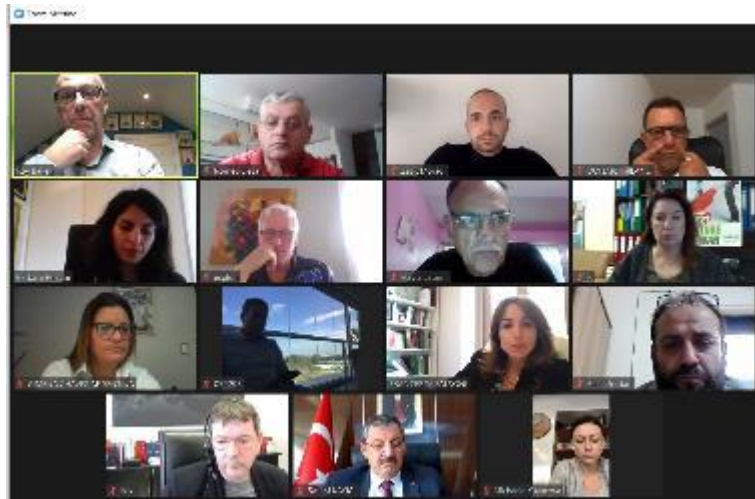

There is also another international federation called IMMAF (together with WMMAF), that to our knowledge, has made an application, but said application was rejected.

We hope the above message regarding national federations obligations and factual information about GAMMA is clear. This is a formal notice, Federations are given 12 weeks (3 months) to comply with the new By-laws (see [last updated version](#) on WAKO’s website).

WAKO have successfully concluded the 1st Development seminar. Even though the anticipation in June was that most countries could attend, the Covid situation created an opportunity for us to make this seminar virtual and this led to worldwide participation more than anticipated. A great learning experience for all of us giving opportunity for all our Members to meet and engage.

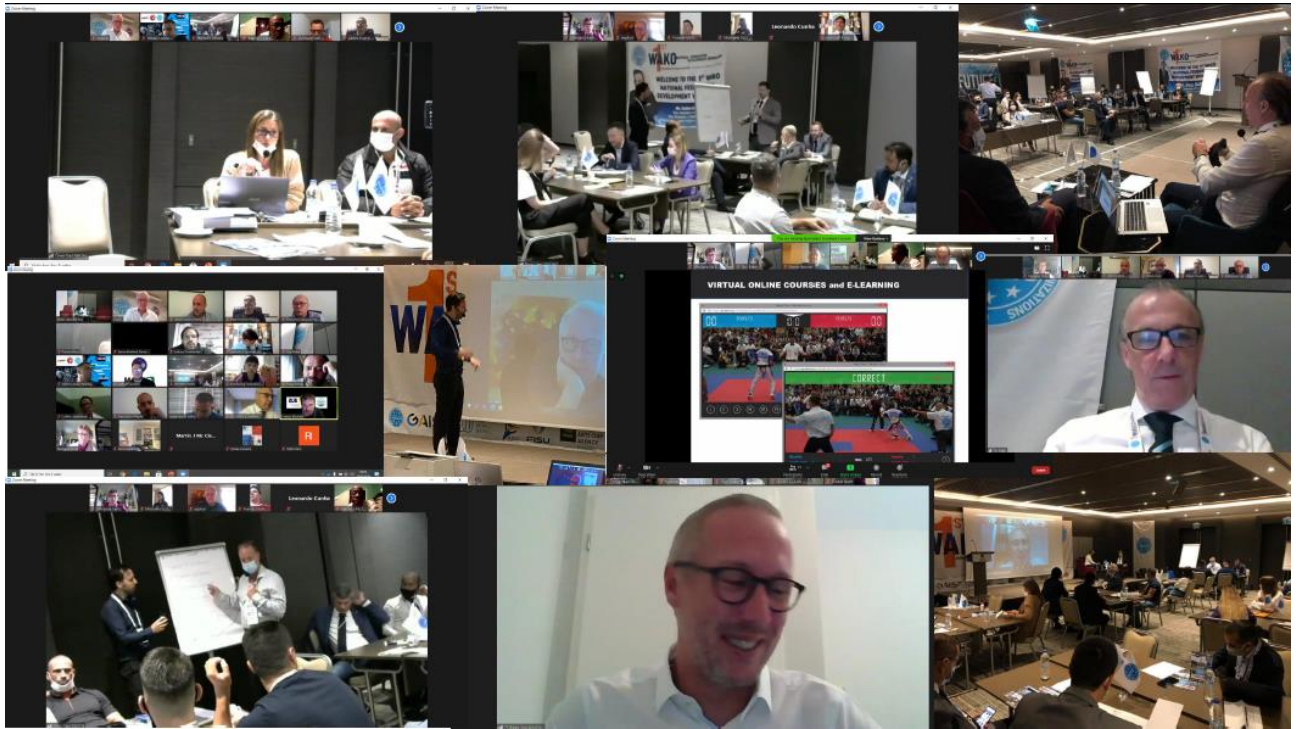

It was also an honour for WAKO that GAISF President Mr. **Raffaele Chiulli** opened the session and with GAISF director **Philippe Gueisbuhler** to continue with a presentation off good governance. We had a diverse programme and we experienced participation and enthusiasm in a true WAKO spirit. Workshops, breakout sessions physically as well as virtually was inspiring to witness.

Thank you to all presenters for making this happen and thank you to our host, Mr. **Salim Kayici** for the fantastic hospitality in great the create city of Istanbul.

Dear Friends,

Today we celebrate **World Fair Play Day** in sports worldwide.

This is one of the most important lessons our sport can give to our athletes, coaches and officials.

The fact that we all deserve an equal and unbiased opportunity to excel in life, excel in sport and be treated equally and transparently.

WAKO and the sport of kickboxing, stands for discipline, respect, fair-play, not just on the field of play, but in our society as well. I would advise all youths aspiring to athletic fame or a professional career to practice clean living, fair play and good sportsmanship.

By our athletes participating in Kickboxing competition, with agreed rules helps them to

learn to live by rules, establish the delicate balance between competition and cooperation, between fair play and justice and exploitation and abuse of these for personal gain.

It helps them learn to manage the warmth of winning and the hurt of losing; it helps them to believe that there will be another chance to win the next time.

Creating resilience and an ability to continue to improve in sport and life.

Happy Fair Play Day 2020.

Roy Baker - WAKO IF President

From now on, the day of Fair Play will be held on 7th September every year all around the world.

It has been established as the day of International Fair Play Committee /CIFP/, the organization which exists for 57 years and promotes values of honesty and fair play in sport.

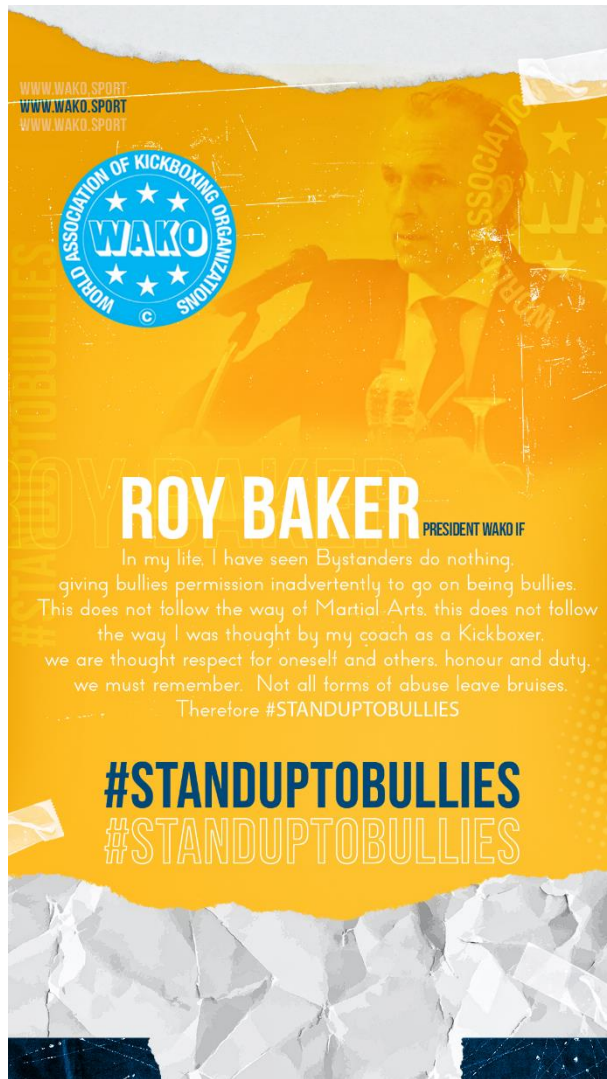

The first person in WAKO who was the laureate of the Fair Play award was Mr. **Romeo Desa**, Technical Director of WAKO, who was awarded by Mr. **Jeno Kamuti**, the CIFP President himself, during WAKO championships in Dublin 2016.

ROY BAKER, WAKO IF President

I am proud that WAKO have undertaken an initiative to fight bullying, intimidation and the material negative effect it has on people’s lives and as important their families. Please stand with me and share this article and apply the hastags.

In my life, I have seen Bystanders do nothing, giving bullies permission inadvertently to go on being bullies. This does not follow the way of Martial Arts, this does not follow the way I was thought by my coach as a Kickboxer, we are thought respect for oneself and others, honour and duty, we must remember. Not all forms of abuse leave bruises.

“Kickboxing is a sport that allows everyone to develop physically and mentally. From childhood to veteran age.

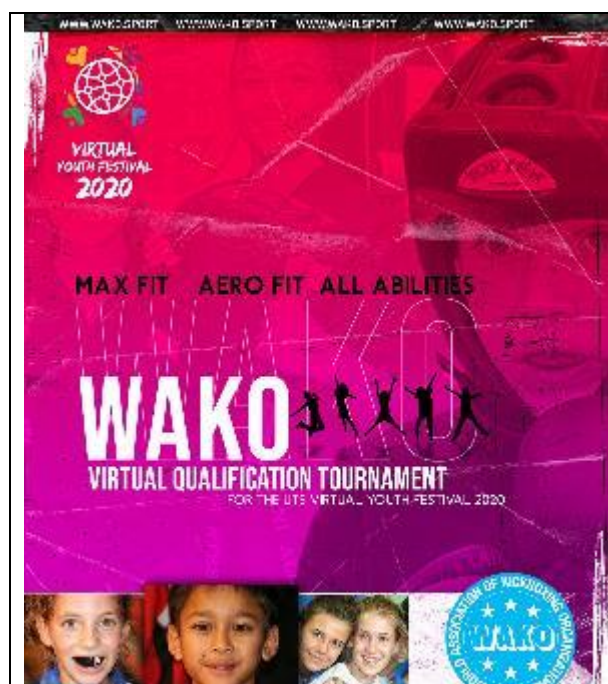

Our coaches teaches their students top martial arts techniques, but also the use of that techniques while respecting opponents, with honor and fair play.

Therefore, there is no place for peer violence in the WAKO kickboxing and we strongly distance ourselves from such phenomena in today's society. With all our knowledge and with learning of our students on that way, we fight against it,”

Romeo Desa, WAKO Technical Director.

WAKO Australia Limited (WAL) is very proud to announce the majority vote was acknowledged by it's members to replace founding President, **Francis McArdle** at its 2020 AGM. WAL would like to thank Francis for his tireless work and service as President, since it's foundation in 2015. Under his leadership, not only did every Australian National Team bring home medals from every World Championship attended, but Australia also produced it's first Double World Champion.

Canada

During this challenging COVID time those of us in the world of sport are adapting as best as possible. Athlete development is our priority so we continue to engaging our athletes in learning and growth.

Right before the shutdown we were fortunate to be part of one of the most amazing sporting events in Canada – the **Ontario Winter Games**. Kickboxing was part of a 27 multi-sport event with over 3000 officials, coaches and athletes. Our young athletes got to stay in an athletes village, be part of an opening ceremonies and get coached by a select group of provincial coaches from some of the top clubs in the country!

WAKO Kickboxing is growing in leaps and bounds in Canada as we are part of the mainstream sport community! Given all the COVID related challenges, it took a while to get the PROMO video done ... but it is here! A special thanks to **James Spalding** the video creator for all your dedication to our sport at the OWG and producing this video!

Let this be a positive reminder that we will be back to normal soon!

France

Guillaume Guigui Cassard - Member of France National Team tragically died at his work on September 10, at the age of 39.

WARRIOR...That's what you used to be, Guillaume. In our sport, you were an example of fighting, you never recharged to the task, you always accepted any challenge, you were a true warrior.

Around you, you did not leave anyone indifferent, from your kindness, humility, determination....

There are no words to write the sadness you leave.

Today, your family is crying for you, your friends are crying for you, all the people who have met you, if only a few hours cry for you.

You had two passions in your life, and one took you away from us.

We will miss you Champion.

Amazing story of Tallaght Martial Arts student Gar Ryan on saving two teenage boys from drowning

Teenagers reunited with hero who rescued them

Garreth Ryan (left) with **Cathal Whelan** and his mother, **Bridget Whelan**, **Philip Redmond** and his mother, **Demi Redmond**, and **Adam Dempsey** and his mother, **Nicola Dempsey**, at **Cahore Inshore Rescue Station**

The two teenage boys saved from rough waters close to Cahore strand have met their hero - the man who saved them from drowning, **Gareth Ryan**.

Friends Adam Dempsey (13) from Ballygarrett and Cathal Whelan (14) from Ballyoughter are both going into second year at Creagh College and have spent the summer swimming at their favourite spot at Cahore pier all summer with their best friends Kevin and Philip.

Although they count themselves as strong swimmers, the four boys found themselves up against some strong currents in the aftermath of Storm Ellen on Friday, August 21.

After getting into difficulty, Kevin and Philip managed to get themselves out of the water quickly but Adam and Cathal found themselves being swept closer to the rocks.

Both were very grateful and thankful to their hero, Gareth Ryan, a cliff walker visiting Wexford with his family on a staycation who came to their rescue and pulled them out of the water.

Speaking to this newspaper, Mr Ryan said that although he wouldn't be a strong swimmer himself, he knew he had to step in and come to the boy's aid. Gareth said that the weather was particularly rough, and he wouldn't have recommended swimming in it.

The boys asked Cahore Inshore Rescue Service to help them reunite with the man who came to their rescue. The team thanked Gareth for his strength and bravery, and facilitated the meeting with the boys last weekend in the lifeboat hut.
