15-24 OCTOBER 2021

INVITATION LETTER by WAKO IF President Mr. Roy Baker

Dear WAKO members,

I take pride in inviting you to the 2021 Senior and Master Kickboxing World Championships (All Disciplines). As Sport returns gradually to the international stage. I would like to wholeheartedly thank the Italian Federation, FEDERKOMBAT President Donato Milano and his team for hosting this event at very short notice. I would also like to acknowledge the other countries and presidents who also bid for the championships, Azerbaijan, Montenegro and The Netherlands. It shows the strength of WAKO to have four strong bids for the event, in such a short time and every bid, I can truly say was a strong one.

But this crisis is far from over. This situation we find our federations in, our sport in, will need all our solidarity, creativity, determination and flexibility. We all will need to make sacrifices. We are only beginning to understand the scenarios for the post-corona world that will finally prevail. In fact, the corona crisis shows us again that to respect each other is not enough. We have to help each other. The major lesson is: **We need more solidarity with each other, and we need to focus on the sport of KICKBOXING exclusively.** I would like to express my heartfelt thanks in particular to the National Federations (NFs), the National Olympic Committees (NOCs), the athletes, the coaches and the officials in WAKO of continuing to stay positive of continuing to stay engaged in these difficult times.

The great Olympic Champion Muhammad Ali, who had the Olympic Flag as one of just two flags flying at his funeral, expressed it in this way: *"I have learned that whatever time we spend on earth should be spent helping others and creating justice and equality for all people, not out of pity or shame, but out of love for all people with the knowledge that we belong not to many races, but to one race – the human race."*

These Championships will be the Eliminators for the upcoming **World Games** and **Combat Games** in 2022, the very highest platform our sport currently has to offer our athletes and federations, it enables us to showcase the beauty and brilliance of the sport of Kickboxing on a truly global stage.

We must continue to fight and focus our efforts on a doping free sport, we must eradicate strongly all use of prohibited substances and this is why it is **MANDATORY** test, that all participants of the 2021 World Championships must have competed and certified in the WADA at:

https://www.wada-ama.org/en/what-we-do/education-prevention/the-new-adel-is-set-to-launch-in-january-2021-0?qclid=EAlalQobChMlu7TD39fD8AIVzbLVCh1WNO0uEAAYASAAEgJTc_D_BwE

We all know that this journey will not be an easy one. We will have to give it our best to address the many challenges of an increasingly confrontational and ever more fragile world in deep crisis. But the WAKO family is used to giving it our best, we are used to falling down and standing back up, we are a combat sport. We are used to embracing change, and we are used to seizing opportunities. If we continue to stand together in this unity and solidarity, we can emerge from this crisis even stronger than before.

But now we focus on our Athletes on enabling and allowing them to shine at the highest level our sport has to offer, to inspire future generations of kickboxers across a diverse, respectful and inclusive sport that continues to grow. There is only **#onewako** and there is only **#onechampion** and that is the WAKO champion.

I look forward to meeting our WAKO family in Italy in a safe, controlled and well managed event.

See you SOON.

Roy Baker
WAKO President

INVITATION LETTER by FEDERKOMBAT President Mr. Donato Milano

To all of you dear friends of WAKO,

with particular pride and a great sense of responsibility, I extend my warm invitation to you for participation in the 2021 WAKO World Championship. An event that takes on particular relevance in this dramatic moment that has affected the whole world. Allow me to send my deep feeling of closeness to all those who have been directly affected by the pandemic and to gather in prayer for those who have not made it.

We are experiencing the worst crisis in sport of the last century, for this reason I believe that the organization of such a prestigious event is a strong and clear sign of recovery, of normality. A signal strongly desired by WAKO President Roy Baker and the WAKO Board to which my heartfelt thanks go. A thank you that gives meaning to the great work perpetuated with firm will without ever ceasing to believe in it, despite endless difficulties encountered. The enormous efforts made are and will be at the service of WAKO and Sport for the safeguarding of our sporting heritage. We owe it to our **Athletes**, to the **Coaches**, to the **Officials**, to the **Commissions** all who constantly give us an incredible demonstration of "adaptability". Once again, Sport shows us all its unstoppable power and reminds us of the continuous affirmation of its values. The Kickboxing World Championship produces an extraordinary amount of continuous emotions, it is a fantastic educational and cultural model of social cohesion between people, beyond all limits of human weaknesses and beyond any useless barrier. The great value of this extraordinary event will give the participants, who will compete in a spirit of Fair Play, not only the opportunity to confront each other by learning to challenge each other in compliance with the rules, but also the opportunity to socialize, meet old friends and make new friends. A great opportunity also for all of us, Managers, Technicians, Officials, so that we can transmit examples of fairness, loyalty, friendship in the spirit of SPORT for ALL!

The decades-long experience of the Organizing Committee, the solidity of the Federation, the support of the CONI (Italian National Olympic Committee), the Government Authorities, the city of Jesolo and the Veneto Region, represent elements of great security for the perfect success of the world event. A great opportunity also to spend time together and visit the splendid setting of Jesolo and Venice with its natural, cultural and artistic places. In short, a perfect mix of Sport, Art and Culture of our beloved country.

The WAKO World Championship is a source of pride for WAKO and for the Italian FEDERKOMBAT.

An event of the highest sporting, cultural, social and relational level.

Anyone who takes part will return home enriched by such a wonderful experience.

Our motto: in the race "you **win** or you **learn**".

Our mascot **JES-KIBO** is waiting for you!

Welcome, take a seat and enjoy the show!

JESOLO A MULTIFUNCTIONAL CITY

This is Jesolo. A city with modern services, comforts, organized roads, impeccable safety, a high quality of life, many accommodation facilities and leisure opportunities. It is a city able to meet the needs of today while already planning for the future. Guests will feel truly at home here; they will be calmed by the beautiful beach, the Blue Flag awarded crystal clear seas, countless attractions and entertainment venues. Jesolo's golden beach is well managed, and the bathing establishments are always attentive to the service of their guests, even four-legged ones. It stretches between the shaded Pineta, a true green pearl for the city, whose path is marked by works of art depicted on the walls of buildings and homes and is the most modern and best equipped establishment in the Adriatic. Jesolo's beach is ideal for sports such as beach volley, windsurf, sailing, and open-air fitness, as well as for children to play on the playgrounds or just to relax under the sun and take a walk. The beach is very safe for swimmers and offers the opportunity for a

complete relaxed holiday. And with more than two hundred events throughout the year, Jesolo is both a winter and summer tourist destination. The beach has also been awarded the Green Flag by the Italian Paediatricians, meaning it is an ideal resort for children. In addition to the high quality of future accommodation facilities and its ever-welcoming spirit, Jesolo, the beauty of its sea and its beach, will let you enjoy yourself and make your stay unforgettable.

Jesolo, a modern city. Organized and redesigned by the internationally acclaimed Japanese architect Kenzo Tange, new realizations are distributed along the city.

redesigned by the internationally acclaimed

The area features modern facilities tailored to the needs of its guests and provides ample parking.

Fifteen kilometres of golden beach and twelve kilometres of Jesolo's pedestrian walkways, the longest in Europe run along the coast. The numerous squares are the meeting place for enjoying music and events in a pleasant atmosphere.

Jesolo is also very close to the cities of art and history, starting with **Venice**. And in fact, it is the lagoon, a **UNESCO World Heritage Site**, with its northern appendix that creeps into the territory of Jesolo between the river and the countryside. The large fishing areas in the north lagoon watch as a silent place where you can also go mountain biking, thanks to an itinerary structured specifically to find out the relationships between the many waterways that run through the area: those of the river (the Sile, once Piave Vecchia) and those of the lagoon. The inland and its nature can be discovered thanks to more than 150 kilometres of routes as beautiful as the waterways through which waterway tourism has been developed.

Venice and Islands

Euro 68/person

From Jesolo, the day starts with a coach ride to Punta Sabbioni and then a transfer across the lagoon to the island of Venice. Take a walking tour to discover some of the more hidden sites of the city - a place that looks more like a cathedral. After some free time, it's onto the next island, Murano. These days it's known as the Glass Island on account of all the famous kilns lining the Fondamenta dei Vetrai. And if the same rule applied to Burano, your last island stop, it'd be known as the Lace Island - the island is famous for its doilies, handkerchiefs but also for its dinky, rainbow-bright houses.

Included: Full Day Tour Escort, Bus from Jesolo, Boat.

Verona and Lake Garda

Euro 65/person

The land of star-crossed lovers, Verona was the setting for Shakespeare's most famous tragedy. As such, everything about the place whispers amore. Sweethearts stroll hand in hand through cobblestone alleyways. Young Romeos scribble love notes in sun-dappled piazzas. And lovers cosy up in cafés as church bells chime each passing hour. The centerpiece, though, is the Arena. Built by the Romans, it gives the Colosseum a run for its money. In fact, it's better preserved and is still used today as the city's opera house. Not far from Verona lies Lake Garda. One look at the mountain-backed mass of water and you'll feel your heart skip a beat.

Included: Full Day Tour Escort and Bus from your hotel.

Treviso and Wine Tasting

Euro 50/person

Visit the city of art and water and get a real taste of Italian life as you wander past the frescoed houses into the Piazza dei Signori, described as an outdoor sitting room. For the shoppers among you this is the home of Benetton, and the streets are packed with everything from Gucci to Sisley.

Then on the way back we'll stop at a traditional Italian Cantina for a spot of wine tasting, and there'll be time to pick up a couple of local bottles to take home.

Included: Tour Escort, Bus from your hotel wine Tasting.

DISCOVER JESOLO AND THE HINTERLAND

1. Jesolo: An Archistar Hunt

Kenzo Tange, Carlos Ferrater, Goncalo Byrne, Richard Meier, Zaha Hadid. These are some of the most famous of the architects who have redesigned Jesolo over recent years. The idea behind the project is bringing this Veneto city closer, in both concept and substance, to a modern beach city building upwards while at the same time in perfect symbiosis and harmony with low density accommodation. Renovating and relaunching the coastal skyline with elegant and sophisticated buildings representing the symbolic and emblematic heart of the resort's new avant-garde and cosmopolitan face. A stroll around the city in a search for its 'brand name' buildings by one of these architecture stars is a good day out in the event that the sun decides to hide from you. Here are a few hints: Carlo Ferrater designed the Piazza Mazzini tower, Richard Meier the Via Levantina buildings, Goncalo Byrne the Merville tower on Viale Oriente...

2. Jesolo: Le Antiche Mura

The finds from the archaeological site of Ancient Walls, which is located in Jesolo country at the end of the street, are kept in the Tourist Info Office of Jesolo in Piazza Brescia. The archaeological site of great historical importance - Art for our area, after the various excavations have occurred in 900 returned to the community finds that testify to the religious importance of the place covered. They came up to us, in fact various findings that are attributable to the primitive early Christian church (V sec. DC), which was superimposed a classroom of early medieval cult (VI-VII centuries. DC), and finally the most monumental Cathedral of Saint Mary of the Assumption 'XI century. The exhibition features various display panels with mosaics torn during the excavations and multiple pieces of marble of great value. More info: www.jesolohistory.it

3. Jesolo: Glimpses of Beauty between the lagoon and the Piave

A stone's throw from the most popular beach, there is an area of great natural interest: the Laguna del Mort. Created in 1936 when the River Piave broke its banks which, due to exceptional swelling, changed the last stretch of its bed, the Laguna del Mort, which straddles Jesolo and Eracela, is an unspoilt area which hosts an incredible variety of plants and animals in its shallow waters and sandy beds. This is not the only gift offered by the Piave, the "Sacred River of the Homeland" on whose banks the First World War was fought. In fact, the banks offer incredibly beautiful glimpses of landscapes and nature. On the right bank of the Piave, around Fossalta di Piave, there is a stone which marks the place where Ernest Hemingway was injured by an Austrian grenade during the Great War. This dramatic experience became the basis for one of his greatest novels, "A farewell to Arms". Also set in Veneto "Across the River and Into the Trees".

4. Jesolo's other face: nature

The lagoon, with its northern appendix, worms its way into the Jesolo area between the river and the agricultural land. Here, the large fish farms keep watching over the silence of an area all to be explored, where luxuriant vegetation still protects a habitat that is intact and unspoilt, where the charm and natural beauty of every tiny detail underline the wild spirit of Jesolo's lagoon. Fishing, agriculture and tourism inhabit Jesolo's hinterland with deep respect, preserving its balance and exalting the extraordinary sensations that it transmits and the genuine and natural products it offers. Jesolo's lagoon has ancient charm, but also very current intensity and empathy. With its little islands, floodplains, halophilic plants and pools of water, from dawn to dusk, it wakes up and feeds visitors' most hidden emotions, the sensations that the hustle and bustle of daily life unfortunately suppresses.

5. Jesolo: A stroll in the green...

Green, like the colour of the many public parks, eight in total, spread throughout the city and always available and well-equipped. Green, like its farmland vegetation and riverbanks, whose river mouths, between the Piave and the Sile, surround this coastline that stretches almost 15 km. Green, like the stunning inland nature, which you can visit, experience and discover thanks to the almost 150 km of cycle paths. Green, like the wonderful pine forest, which, for the last few years, has been enriched by an "artistic" trail, thanks to the

“Art Walls” initiative, with artists unleashing their creativity on the walls of homes and shops. So, Jesolo has lush green nature at its heart, surrounded as it is by two rivers, just like a precious pearl, with the sea on one side and the lagoon on the other.

6. Jesolo: Dive into a sea of green

Experience the beauty of an environment that will enchant you with its colours. Immerse yourself in a natural, rural landscape that will win you over every time you see it. The other side to Jesolo, far from the “din” of the beach, allowing you to hear the “sounds” of nature. All of this is possible thanks to “Jesolo Ambient Bike”, a guide to discover over 500 km of cycle routes that the city has to offer. Twelve routes designed and planned to integrate the range of tourist services available and give visitors the chance to discover the local area and its characteristics, getting in touch with nature. It is located in viale Primavera 45, in San Donà di Piave. Phone number: +39 0421 42047.

12. Treviso and the Villas of Veneto

The March of Treviso area offers some of the most beautiful landscapes of Italy with its neat plain, the rolling hills and ancient villages. Here you can find some of the most famous villas in Veneto. In Maser, Villa Barbaro is one of the masterpieces of Andrea Palladio and it is situated among the UNESCO World Heritage Site. Inside, the visit continues with frescoes by Paolo Veronese. A little further north, in Cison di Valmarino, the Castello Da Camino Brandolini d’Adda, open on booking, is the result of the projects of Jacopo Sansovino. Going down into the plains, the 17th century portico of Villa Manin is one of the most charming places of Montebelluna, whilst Villa

13. The botanical garden in Padua

The botanical garden in Padua was founded in 1545 and is the world's oldest university botanical garden. This natural and architectural wonder houses nearly 7,000 plant species, a unique variety of specimens recognized by UNESCO as a World Heritage Site in 1997. Most of the world's known species are kept here and educational workshops aimed at schools and groups of students and adults take place here, divided into 10 thematic routes. Anyone who chooses to spend an hour or two in the Botanical Garden - particularly suited for family visits - should not miss out on seeing the historic trees. Among them is the *Chamaerops humilis* palm tree from 1585, an oriental banana tree from 1686 and a magnolia from 1796, the oldest in Europe. There are also medicinal plant and carnivorous plant sectors and a corner where entire ecosystems are rebuilt, such as the tropical greenhouse or the Mediterranean scrub. They are all worth a visit. 14. Islands of the Lagoon: Charm and Art Nouveau atmosphere in Lido di Venezia

The Venice Lido (Lido di Venezia) is one of the most well-known islands in the Venetian Lagoon, a fully-fledged watershed between the city and the open sea. With its low and sandy coast, the Lido stretches for about 11 kilometres and attracts tourists with its slow pace and delightful architecture. Seamlessly connected to the centre of Venice by traditional steamboats, the Lido is the only island in the Lagoon that can be explored by road. Most visitors, however, prefer to explore the island by bicycle. This way you can easily move between the Lido and Malamocco, a colourful fishing village, and Alberoni, a port mouth, characterised by high sand dunes, which is nestled in a haven protected by the WWF. For those visiting the Lido, definitely not to be missed are the Abbey of St. Nicholas, which dates back to the 10th century and is the resting place of a part of the remains of the patron saint of sailors, the impressive Liberty architecture of the early 20th century hotels overlooking the Marconi waterfront, and the nearby reserve of Cà Roman, a paradise for birdwatchers. Departures: Punta Sabbioni More info: www.veneto.eu

15. Island of the Lagoon: San Lazzaro degli Armeni

San Lazzaro degli Armeni is a haven of peace and spirituality, about twenty minutes by steamboat from St Mark's Square. Today, this small island in the Lagoon is inhabited by a monastery of Armenian monks of the Mechitarist Order, who settled there in 1717. Since the 18th century, the island has been home to one of the largest Armenian communities in Italy, safeguarding the impressive cultural heritage that has been collected and produced over the course of the decades. Today the monastery is open every day for guided tours. Every afternoon at 3.25 p.m., when the steamboat from St Mark's docks, these tours of around two hours let visitors discover the secrets of the island and its discreet inhabitants. Among the marvels that are not to be missed are the paintings by Tiepolo, a snow-white sculpture by Canova, a unique Egyptian mummy, and the colourful rose garden where the monks collect the flower petals which they use to produce the fragrant vartanush, a jam made from roses. 16. Medieval atmospheres in Cittadella

A panoramic walk on the only city walls of Europe with a Medieval walkway, elliptical in shape completely accessible. This is the Camminamento di Ronda after a conservative restoration, lasting twenty years, with its walkway 15 meters above and all around the walls of Cittadella, in the province of Padua. The ancient guard walkway served to defend the city from the high in case of enemy attacks. The recent restoration has allowed the safety of the ancient walkway, allowing visitors to admire the city from original and privileged points of view, a unique experience of "Walking into history". The walk is almost two kilometres long and at the beginning of the path you can visit the re-enactment rooms and Medieval staging inside the Casa del Capitano.
