Each World Games participant must be insured against the minimum costs of medical treatment. The most important is that the Insurance Policy will cover the costs of treatment in hospital, if needed (minimum value – 200 000 PLN/around 50 000 EUR). Of course any additional packages can be useful for the athletes, if they lose their luggage, have some accident outside of competition venue or after an injury need any special transportation to their countries/any additional, special treatment/equipment, etc.

In general it is the same Insurance Policy we (WAKO) always use for purpose of attending international competitions.

There will be the possibility to buy insurance in accreditation centers (cost ca. 40 euro/week). Minimum desired insurance coverage is 200 000 zł (50 000 euro). You have already been informed about this possibility. We recommend to all participants to purchase Insurance Policy before arriving to Wrocław.
