## WELCOME TO DELHI, INDIA

Delhi officially the National Capital Territory of Delhi (NCT), is a city and a union territory of India containing New Delhi, the capital of India. It is bordered by Haryana (Gurugram, Faridabad, Jhajjar and Sonipat) on three sides and by Uttar Pradesh (Gautam Budh Nagar, Ghaziabad and Baghpat) to the east. The NCT covers an area of 1,484 square kilometres (573 sq mi). According to the 2011 census, Delhi's city proper population was over 11 million, the second-highest in India after Mumbai, while the whole NCT's population was about 16.8 million. Delhi's urban area is now considered to extend beyond the NCT boundaries, and include the neighboring satellite cities of Ghaziabad, Noida, Faridabad, Gurgaon, Bahadurgarh and Sonipat in an area now called Central National Capital Region (CNCR) and had an estimated 2016 population of over 26 million people, making it the world's second-largest urban area according to the United Nations.
