VIRTUAL SEMINAR WEEKEND 2021

DEAR WAKO MEMBERS,

As our countries begin to emerge from covid restrictions, the WAKO Athletes commission alongside the coaching commission have put together an extraordinary program for our members to become involved and learn and share with each other. This first weekend sees the very best athletes in WAKO sharing their insight in to technical and tactical strategies.

Your members will be given a VERY rare opportunity to gain insight in to some of the most accomplished athletes and coaches in our sport. All proceeds will be donated for solidarity and gender balance projects.

I strongly urge you to send out this information to your clubs to invigorate and excite them, as we return to sport.

It has been a difficult 12months for all of us, but we will emerge more determined than ever to continue to grow and involve as a member of the Olympic family of sports.

WAKO PRESIDENT - MR ROY BAKER
